INNOVATION THAT EMPOWERS YOU

Zegul product range is targeted for more advanced and dedicated paddlers. Zegul also features different styles of kayaks like fast racing boats, play boats and of course the famous Greenland series. Quality is reflected in every single detail. Carefully designed and tested hulls offer excellent performance. Sleek lines and crocodile pattern on kayak decks give a really distinctive look to all Zegul models. These high-end kayaks are built with only the most innovative and high-tech materials.

ENJOY THE SPIRIT OF TAHE MARINE

Tahe Marine has a wide selection of different kayaks for different tastes, skills and conditions. From single and triple layer rotomolded recreational kayaks to state of the art vacuum infused carbon fibre touring kayaks. The latest addition to this are single layer polyethylene kayaks.

Tahe Marine

NEW FOR 2016

NEW LAY-UP FOR FIT SERIES KAYAKS

Tahe Marine has upgraded the **Fit series** one layer PE kayaks. All Fit series polyethylene Sit-in kayaks are now in 3-layer PE lay-up & with skeg in standard. This new construction adds some extra stiffness and durability to the kayaks, and enhances the performance.

REVAL HV PE

LENGTH / WIDTH

535 cm (17'7") / 60cm (23½")

COCKPIT

83 x 45 cm (32¾" x 17¾")

WEIGHT

PE 27-29 kg (59-63 lbs)

RETRACTABLE SKEG

RETRACTABLE SKEG + RUDDER

It is a slender PE kayak ideal for adrenaline seekers and longer tours. It has a superb navigability and extra degree of stability even in breaking waves and strong winds. The hull is designed with rocker and upswept bow and stern to handle any challenging conditions of the sea.

Tahe Marine has widened the selection of kayaks with brand new whitewater and competition kayaks, plus a new series of touring, SOT, canoes, fishing and surf kayaks. Visit our website for the full range: www.taheoutdoors.com

TROPHY

Winner of the
Red Bull
Dolomitenmann
2015.

The Trophy fires up with a clean design for straight tracking on flatwater and downriver.

The boat accelerates against the currents, carves with ease and crosses fast flowing races.

The Trophy has got enough volume to punch through waves and is very fast - not just for racers.

TITRIS

New series of Titris touring kayaks.

Includes a shorter 3,75 m touring kayak for coastline & rivers, a 4,5 m kayak with a sleek hull shape, excellent initial and secondary stability. Plus a 4,95 m roomy kayak with a "V" shaped hull and sharp bow for cutting through chop and picking up speed.

APEX

Enhance your **white water** skills!

Apex is quick and easy to handle with lots of room for gear. It is well equipped for over night trips. The deck and cockpit are outfitted with rear bulkhead and hatch, adjustable foot rests and backrest, thigh braces and clever front day hatch with bag.

Apex has entirely adjustable cockpit.

MADE WITH PRIDE

Our production demands close attention to detail, a high skill level and underlying knowledge of how the paddles will be used. Robson is well known for pushing the limits and thinking outside of the box when it comes to design and technology. We work responsibly and it is a goal that we are constantly moving towards whether socially or environmentally.

NEW FOR 2016

DESIGN YOUR OWN PADDLE

We offer a unique opportunity to design your own paddles that reflect you and your mission. This option is available for all Robson Flowtech paddles.

What can you come up with?

Ask more from our sales team!

FLOWTECH BLADE MATERIAL

- forgiving flex
- durable print
- high impact strength
- absorbs vibration
- pinhole free
- clean finish
- epoxy free
- ABS Tip

EMPOWERS
YOU

Founded in France in 1962 the company manufactured and marketed wooden oars and paddles, later adding accessories for camping and boating. 50 years experience gives an opportunity to offer the best products with excellent performance. All paddles are made in France in beautiful Cognac. Egalis offers different technologies in plastic injection. The machinery and production methods are constantly evolving to respond to the needs of the paddlers.
